# OUR WORK CONTINUES....

I am pleased to report that the Valley of Cleveland's move from 3615 Euclid Avenue is officially complete.

The Valley Secretary and Treasurer are completely moved into their new offices and we conducted Officer Interviews last week in the new Conference Room. The Learning Center is almost ready to begin seeing students in person again, once the security cameras are installed. We have held two Four Coordinate Body Meetings with Degrees (in February and March) at our new home at the Berea Masonic Center. We will be presenting the first Feast of the Paschal Lamb since 2019, on Sunday March 28th. Rehearsals are underway for the Spring Reunion, honoring John Kohler, MSA, to be held on April 23 & 24, 2021. Plans are taking shape for our Installation of Officers and Awards Night on May 3, 2021.

Over the last year, our Valley Officers have been building the framework for a new Valley Committee Structure. They are finishing that work this Spring, and soon we will be ready to open up the Committees to volunteers from our membership. In addition, as I mentioned last month, we will be implementing a series of Focus Groups that will also be open to our members.

The future looks bright for our Valley and we are excited for you to be a part of it.

# A KID LIKE ME

The Children's Dyslexia Centers initiated a promotional program in 2020 entitled A Kid Like Me. A Kid Like Me profiles children who benefited from services at the Centers with a photo and short text describing their reading progress resulting from their enrollment.

The Children's Dyslexia Center Cleveland will be featuring two students who just happen to be siblings. Aidan is a graduate of the program and his younger sister Emma is currently enrolled. Both children exhibit the characteristics found with dyslexia that

often result in poor reading skills. Additionally, they are bright, creative, and engaging children with many interests, which include the desire to read and learn to their potential. The fact that Aidan and Emma are siblings demonstrates the fact that dyslexia is genetic.

Emma is in the third grade and is doing very well with the online tutoring provided by the Dyslexia Center. Due to the explicit multisensory instruction provided, Emma now likes to read and is currently reading an American Girl book. Her brother Aidan, upon graduation, was an independent reader and a great role model for his sister. Aidan is now in the fifth grade and his interests include music and math.

At this time, the Cleveland Center has 23 children enrolled and receiving services with online tutoring via Zoom. The Center is now established at its new location (Children's Dyslexia Center Inc. Cleveland, 1150 Linda Street, Rocky River, Ohio 44116) and in-person tutoring will resume in April.

All of the children enrolled at the Center are unique. We are proud to be serving children who represent the diverse population found within the Northeast Ohio region. The students enrolled at the Center reside throughout seven counties, represent sixteen municipalities with thirty percent residing in Cleveland proper, and range in age from eight to fourteen.

In accordance with the Organization's mission, we provide the highest quality, state-of-the-art, multisensory tutorial reading and written language instruction to children with dyslexia. Thank you to all who have supported the program with time, treasure, and talent. ## FROM THE DESK OF THE SECRETARY

O.K. I admit it. I have passport fever. When the passport program came out, I was to say the least, underwhelmed. I had already received a patent when I joined, so why did I now have to have a passport. Then I saw the beautiful certificate that was issued upon the completion of the passport. I knew then I had to get a certificate for myself. I am even working on my second passport which when finished, I will receive a nice jewel.

Thursday Night at the Rite is a great way to see the degrees during the time of lockdowns. This a new approach to receive the valuable lessons that are taught. I still prefer to see the degrees live, but sometimes adjustments must be made for what is happening in the world.

As we open our activities in the Valley, I am excited to be a member of the Scottish Rite in Cleveland. I hope you will catch the fever, too!
